A ZOUAVE REGIMENT.—We publish to-day the proceedings of a meeting which contemplate the formation of a Zouave regiment in this state. It is not designed, we understand, to restrict the members of the proposed corps to the freemen of this state though the move for the organization of the regiment has originated in that body of citizens. The company organized here will attach itself to a Zouave regiment if one is formed; otherwise, it will apply for admission into one of the existing regiments.

Roses.—George J. Kellogg, at his nursery, a mile south of Monterey, informs us that he has sixty varieties of roses, and that now, while they are in bloom, is a favorable time to select for next spring's transplanting.

Moseley & Bro. have Cassell's Bible as far as part 32, being the fourth section complete.

Problem.

On a mound by a river there grew a tall tree, Two hundred feet high it was once said to be; One night by a hurricane, part was broken down, At the opposite side the top touched the ground; To find a right angle was next to be tried, A right line from the root to a point in the tree, Exactly forty feet was discovered to be, The part which is standing I wish to know, And how to obtain it you'll please to me show.

BANKS "RESPONDING."—The Juneau Bank has given the Milwaukee Zouaves \$250, and the Bank of Milwaukee \$200 to the same company for their services in suppressing the late riot. Marshall & Halsey give the Montgomery Guard \$100.

Capt. McIntyre has left Madison for Fond du Lac, to muster the third regiment into the United States service.

J. B. G. Baxter, of La Crosse is commissioned as assistant surgeon of the third regiment.

Hon. James D. Pulley, a member of the Illinois legislature from Williamson county, who was arrested and brought to Springfield on the charge of treason, has been discharged, the grand jury failing to find a bill against him.

James Wilson, esq., of Milwaukee, has filed his bond as agent to purchase stationery for the state for 1861.

MORE IMMIGRANTS.—A large number more of Norwegian immigrants, direct from the old world, arrived here last evening, and stopped with the purpose of settling in this country. This makes about four hundred of this class of immigrants that have arrived here the present season. The Norwegians are a quiet, industrious people, and we are glad to see them settling in our country.—*Madison Journal.*

Trips of the Light Guard to Milwaukee.

CAMP RANDALL, June 27.
On the 24th inst., immediately after morning drill a despatch arrived from Gov. Randall to Col. Cobb, at this camp, that a riot was going on in the streets of Milwaukee, that houses were being torn down and banks mobbed; with orders to hold two companies in readiness to march immediately.—Accordingly the colonel ordered Major Larabee to prepare himself with two companies and stand ready for further orders, which he did in a highly commendable style. Appearing at the headquarters of the Janesville Light Guard, he ordered every man under arms; advancing in quick time we were conducted to the quarters of the Milwaukee Turners, where we exchanged our arms for those with bayonets. Next came an inspection of arms, after which we were allowed a short time for refreshments, and again left in with the Berlin Light Guard to wait further orders. Orders having arrived to advance, the two companies were in a short time on the cars moving at lightning speed towards Milwaukee. Arriving at Milwaukee we formed in sections, in the upper part of the city above the depot; the Janesville Guard forming the front and the Berlin Guard bringing up the rear, and commenced to advance towards the riotous square. At this time we were ignorant of the condition of the city, and as the battalion moved on nothing was heard save the report of fire-arms in different parts of the city, and the solemn tread of the advancing column. A heavy fog had settled down and the coming night had clothed the city in darkness. When we arrived at the public square we found that the mob had retired, and the city had become comparatively quiet. After loading our muskets, the Light Guard of your city were stationed at the La Crosse depot, where we were under arms all night. We remained in the city up to yesterday morning, when we returned to Camp Randall. The city was up to that time quiet.

Proceedings of the City Council.

REGULAR MEETING.

Thursday Evening, June 27, 1861.

Present.—The Mayor and Ald. Barnes, Collins, Parker, Smith and Shelton.

A bill of \$4 from Wm. Dixon for gravelling a cross-walk on Court street was allowed and charged to the 2d and 3d ward funds.

An appropriation of \$7 to John Tuckwood for removing a dead horse from the race and burying it was made.

A petition was received from the chief engineer of the fire department asking permission for engine company No. 2 to take their engine to Eagle on the 4th of July, to leave in the morning and return at night. Referred to the fire department committee.

A petition from Peter Leyden for a liquor license was referred to the license committee.

The fire department committee reported in favor of the petition to allow engine company No. 2 to take its engine to Eagle. Ald. Collins and Smith opposed the report on the ground of the impropriety of permitting the removal of any fire engine from the city, and especially on the 4th of July, when there is greater liability to fires than at any other time.

Ald. Shelton sustained the report as a deserved favor to the firemen who give their services gratuitously to the city.

The report was adopted.—Ayes, Ald. Barnes, Parker and Shelton. Nones, Ald. Collins and Smith.

The following monthly report of the city treasurer was presented and referred to the finance committee:

May 28, 1861, by balance on report at date, \$2,040 10

The license committee reported in favor of granting a license to John Reithinger, whose petition had been received at a previous meeting, and to Peter Leyden.—Adopted.

Ald. Parker, from the aldermen of the first ward, reported in favor of paying the bill of \$6 of James Croft for repaving in Milwaukee street. Report adopted, and an order drawn on the first ward fund.

Ald. Tallman came in and took his seat.

Ald. Parker called attention to the practice of bathing in the racway in the day time. The Mayor stated that an existing ordinance imposed a penalty for bathing in the day time within the city limits, and that he had instructed Constable Robertson to attend to the matter.

On motion of Ald. Collins, a committee of one from each ward was appointed to negotiate a sale of the interest of the city in the mortgage on the lot corner of Jackson and School streets given by David Noggle, and report propositions to the council.

Ald. Tallman from the aldermen of the first ward, reported that after preparing a contract for grading and graveling a portion of Jackson street, it was discovered that there was a defect in the petition of the property owners which made questionable the power to make a contract. The proposals for the side and cross walks were defective and unreasonable, and two had been withdrawn. He asked the action of the council in relation to the matter.

On motion of Ald. Collins, the aldermen of the first ward were instructed to reject all the bids as "unreasonable," in pursuance of the power granted in the city charter, and were authorized to receive new proposals and report them to the council.

Adjourned.

ZOUAVES, ATTENTION.—The Janesville City Zouaves meet for drill and business to-night at 8 o'clock. It is very necessary that every member should be present.

From the Janesville Volunteers.

WASHINGTON, June 25th, 1861.
The 2d Wisconsin regiment left Harrisburg for Washington on Monday at noon, fully equipped, with new guns, and forty rounds of ball and cartridge to each man. We were delayed for want of cars, and at last were obliged to go on cattle-cars, which was a fatiguing mode of travelling. We all loaded our guns before leaving Harrisburg, so as to be ready at a moment's notice.—Saw nothing worth noticing until we got into Maryland, where we found federal troops guarding every bridge: passed the wrecks of a number of bridges which the rebels burned some time ago.

We arrived in Baltimore at sundown, and stood in the street until midnight, when the last of our regiment came up. We were hungry and thirsty, but were not permitted to receive water or food from the citizens; and were guarded by the police the whole time. While passing down the street, about a mile and a half, the people groaned at us and cheered for Jeff. Davis. The hour was favorable for traitors to be out: had we passed through Baltimore in the day time, we doubt not we should have seen a different set of people.

Our regiment arrived in Washington at sunrise this morning. I went to the White House this forenoon to see the president, but he was absent. Passing through the "East Room" of the president's mansion, I had a good opportunity to view myself in one of the large mirrors, and was so soiled from our long journey, that I left without further ceremony.

We are quartered to-day near the president's house, waiting further orders. The drum beats, and we leave the city in haste.

A Zouave Regiment.

JANESVILLE, June 27th, 1861.

The persons who signed a list to enroll themselves into a company to serve in this war, met at the court room this evening and came to order by the appointment of Wm. B. Britton as chairman, and W. H. Sargent as secretary.

After a few remarks from the chairman, the name of the "Janesville Fire Zouaves" was adopted as the title of the company.

The secretary was instructed to correspond with the chief engineer of the different fire departments of the state, to invite each and all of them to join with us in the formation of companies enough of Fire Zouaves to form a regiment, to offer their services to the state.

Mr. Chase read a letter from the Governor's private secretary advising the formation of the company.

It was decided that the company meet for drill on Monday and Wednesday evenings, until further notice.

On motion, the company decided to elect officers when the list shall contain the requisite number of names to elect commissioned officers, and for them to receive their commissions.

It was moved and seconded that these proceedings be published in the city papers.

On motion the company adjourned until Monday evening next.

WM. B. BRITTON, Ch'n.

WM. H. SARGENT, Secretary.

THE ACCIDENT TO ALBERT STICKNEY.

A correspondent of the Milwaukee News, writing from Harrisburg, says that the accident which occurred to young Stickney happened at Millin, Pa. He had eluded the guard and climbed out of the window to the top of the car, and in the act of swinging his cap, while responding to the cheers of the crowd, fell to the ground. His escape from death was almost miraculous. He is not so badly injured as was supposed. The wife of Capt. Ely watched with him the night after the accident. He was left in the care of a competent surgeon.

SPARE THE BIRDS.—The people of Norway, Racine county, recently had a black-bird hunt, killing over two thousand of the birds. The reason assigned for killing them is that they pull up the young corn. Many well-informed agriculturists, however, are of opinion that these birds do more than counterbalance the damage done by insects and worms to compensate for their ravages in the corn.

We have news from the Pacific side to the 12th inst., by the pay express, which left San Francisco on that day. The Golden Age had sailed for Panama, having on board a great number of passengers, the United States mails, and about \$800,000 in treasure. Business continued tolerably brisk in San Francisco. The news of the advance of the federal forces into Virginia and the death of Ellsworth, had reached there by express, and created the greatest excitement. The Union feeling was much intensified in consequence.

Col. H. E. Paine and Capt. H. C. Hobart, of the 4th regiment, are the orators of the day at Racine at the approaching celebration of the national anniversary. The 4th regiment participate in the celebration, forming part of the procession.
